**Officer Gallagher, Patrol East**, discussed efforts to decrease incidences of unattended running vehicles being stolen by passing out flyers and educating citizens on the dangers of doing this. Even though there is currently no City ordinance prohibiting this practice, it was pointed out that often when unattended cars are stolen, they are used to commit additional crimes. It was suggested that a presentation on this issue be made to the other District Advisory Boards. Officer Gallagher also stated that they are working hard to close out 2005 existing criminal cases.

The Board thanked the officers for their reports.

**Action Taken:** Received and filed.

### **4. Police Officer Complaint Affidavit Process**

**Captain Tenbrook, Police Professional Standards**, presented information regarding the officer complaint and commendation process. There are four findings that can accompany a complaint – not sustained, exonerated, sustained, or unfounded. He stated that there is an appeal process for both the complainant and officer if they are not satisfied with the outcome of the professional standards investigation into the complaint. If someone wishes to commend an officer, they should contact the bureau where the officer is stationed and speak to the officer's supervisor who will inform the officer of the commendation.

The Board thanked Captain Tenbrook for his presentation.
